'Confidential' Trial Moves To Next Girl

HOLLYWOOD (UP)—A former roommate of self-admitted call girl Ronnie Quillan was expected today to add the next chapter in the spicy disclosures about movie stars at the Confidential Magazine criminal libel trial.

Carmen Jacques was one of several witnesses slated to testify in today's session of the trial. She once shared an apartment with Miss Quillan, who yesterday testified she had an "affair" with Desi Arnaz.

Arnaz was quick to label Miss Quillan's testimony as "a lot of baloney."

"From the pictures I've seen of her, I don't think I could have done anything like that," Arnaz said.

Clark Gable was the first of Hollywood's top stars to be mentioned in testimony about allegedly lewd behavior. He was linked with an actress and also made a quick denial of the incident.

Besides Miss Jacques, the prosecution indicated it would call to the stand Virginia Lee, a woman private eye. Others on tap to testify were Los Angeles newspaperman Jerry McCarthy and court clerk Cecil Luskin.

Movie stars got a good case of the jitters with the prosecution's denial it would dismiss charges against Confidential Magazine if the defense made good its promise to turn movieland's top heroes and heroines into villains on the witness stand.

"We are going ahead as planned with this case," Asst. Atty. Gen. Clarence Linn said. "We took into consideration at the start that some one might get hurt but carrying out justice is our only concern."

However, the prosecution has attempted to keep those not involved in articles cited as libelous (Continued on Page 3, Col. 8)

YOUTHS DEFY BAN ON CHINA

Board Train At Moscow For Peiping

MOSCOW (UP) — Forty-one young Americans left Moscow for Red China aboard the "Peiping Special" train today in open defiance of the State Department's ban on China travel.

Several backed out of going at the last minute after a night of soul-searching and argument whether to defy Washington.

The 41 who stood by their determination to go, left Moscow's Yaroslav Station at 4 p.m. (9 a.m. e.d.t.). The train will follow the Trans-Siberian line, arriving at Peiping in eight days.

The hosts on this first organized American junket to Peiping are the Communist Communists.

Three other Americans who attended the Communist youth festival here last week said they would go to Peiping by plane later to join the organized tour.

The two Americans who dropped out of the tour today were Richard Sherman, of Chicago, Ill., and Stan Fukson, of Los Angeles, Calif. Their reasons for dropping the trip were not known immediately.

Those planning to fly to Peiping were brothers David and Albert Maysles, of Brookline, Mass., and Jacob Rosen, of New York City.

Rosen was in Kiev attending a congress of the organization of world democratic youth.

Sick From Flu

Dr. Maurice Greenberg, Director of New York City Bureau of Preventable Diseases, checks the temperature of 16-year-old Gloria Matello of Italy aboard the Arosa Sky after the vessel arrived here yesterday from Europe. The ship carried more than 800 passengers, most of them exchange students. Health officials boarded the

ship in quarantine to check on some 50 cases of flu. Later, the quarantine was lifted and most of the students debarked, but 27 persons, all suffering from some form of flu, will be kept under observation. Looking on is Barbara Limmros, Sweden. Both girls are enroute to Minnesota. (United Press Telephoto).

Bristol Township Boasts One-Fifth Of County's Total

The estimated population of Bucks County as of January, 1957, is 269,122, representing an 86 per cent increase since 1950, according to a report released today by C. Bickley Foster, Acting Executive Director of the Bucks County Planning Commission. It was also estimated that there are 81,552 occupied dwelling units in Bucks County.

"Population gains were most pronounced in the 22 Lower Bucks municipalities during this period, with a 134 per cent increase to a total of 193,204. Central Bucks registered a 36 per cent increase to a total of 30,237 and Upper Bucks population increased to 45,681—a 13 per cent rise over the seven-year period."

Although all 54 municipalities increased in population, the degree of growth varied widely. The Fairless Hills and Levittown developments swelled Falls Township's population by 687 per cent which established it as the most rapidly growing municipality in Bucks County since 1950. Several municipalities, however, have increased by less than 5 per cent during this period.

Bristol Township gained the position as the most populous civil division with 53,981 residents by increasing 343 per cent. One-fifth of the county population dwells within this one municipality.

Population counts and estimates for Bucks County and its school districts are coordinated by the School Census Department, Bucks County Planning Commission, under the direction of D. Russell Friend. "We are very happy with the accuracy of our estimates," Friend announced after the figures were released. "A special U. S. Census for Falls Township certified as of January 8, 1957 varied only one-half of one per cent from our estimate prepared earlier this year for January 1, 1957."

The population estimates, compiled annually, are part of the continuing program of the School Census Department. Birth certificates, death notices, occupation rolls, voter registration, school registration, newspaper notices, and a triennial house-to-house census, are all employed by the staff in keeping the census files up-to-date.

Copies of the 1957 population and dwelling unit estimates of Bucks County municipalities (Information Sheet 13) may be secured from the offices of the Bucks County Planning Commission, 50 North Main Street, Doylestown, Mr. Foster announced.

* Special U. S. Census of Population — January 1957

Good Evening!

Sneeze and sniffle season.

Hay fever, we mean, and now's the time for trimming the weeds—especially ragweed—just as a matter of soothing the suffering brigade.

It'll be suffering—until the first frost. And the way time is flying all over the place, the frost will be here sooner than we suspect.

Add to the worries: that Asiatic flu epidemic the medical experts expect to hit the country in early fall.

But don't worry too much about it for the simple reason that it's a relatively mild deal.

And don't be too greatly concerned of racial prejudice.

Fortunately the great majority of the American people are trying to make the word "tolerance" something beside a fancy term of rhetoric and when you look back over the past two decades you realize much progress has been achieved.

You know something? Right is right. With it, you simply can't go wrong.

Those exasperating Phils not quite right yet, incidentally, the way they let themselves be clobbered by the lowly Pirates last night.

Our boys just can't be as bad as they looked, can they?

The rich man today is likely to be one who owes it all to hard work, a little luck and a smart tax attorney.

A local eating house features a mother-in-law sandwich—cold shoulder and lots of tongue.

If you drive, be careful.

Dio Henchmen Tight-Lipped Before Probe

WASHINGTON (UP) — Three henchmen of hoodlum Johnny Dio refused to tell the Senate Labor Rackets Committee today their roles in a scheme to win control of the Teamsters Union in New York for vice president James R. Hoffa.

The witnesses, Harry Davidoff, Joseph Curcio and George Baker, invoked the Fifth Amendment on almost all questions, claiming the answers might tend to incriminate them.

The committee called the trio as a prelude to questioning mystery mobster Anthony (Tony Ducks) Corallo about the part he played in Teamster Union affairs.

The committee also hoped for testimony from Samuel Goldstein, former president of Teamsters Local 239 in New York who was convicted last month with Dio in a labor racket case.

Committee Counsel Robert F. Kennedy described Davidoff, Curcio and Baker as key figures in Dio's racket-ridden "mother local" 649 of the old AFL United Auto Workers.

Kennedy said Davidoff, Curcio and Baker were involved in the establishment of phony "paper" (Continued on Page 3, Col. 2)

Gasoline Price Drops One Cent

PHILADELPHIA (UP) — A one-cent drop in the suggested retail price of Atlantic Refining gasoline went into effect today in Pennsylvania.

The new suggested price of 18.9 cents per gallon, excluding taxes, in Eastern Pennsylvania and 19.9 cents in Western Pennsylvania is to establish "better relationship between normal prices areas and those depressed price areas where Atlantic has been forced to meet competitive retail pricing," the company said.

Circus Sales Supplement

The circus has come to the Levittown Shopping Center, and a three-day sale accompanies it.

The miniature circus will be at the Shop-A-Rama through Saturday. A 20-page tabloid supplement today contains some of the sales values, which run tomorrow through Saturday.

Five Arrested In Levittown Disorder

Five Levittown residents — two adults and three teenagers — were arrested early this morning when a crowd of more than 200 persons gathered outside the home of the community's first Negro family.

The five were arrested when they refused to leave the scene as Bristol Township police tried to disperse the crowd at 12:30 a.m. They were taken before JP Rene Trischler, of Croydon.

The adults, Howard R. Bencliff, 45, and his wife, Agnes, 44, both of 90 Dogwood Drive, were released under their own recognizance for a further hearing 9:30 p.m., August 28.

The juveniles — George E. Scull, 17, of 55 Indian Red Road, Indian Creek; Joseph McFadden, 14, of 28 Grand Pine Road, Goldendridge, and William Johnson, 17, 48 Gentle Lane, Greenbrook, were released in the custody of their parents to await action of the juvenile authorities.

Charges

The Bencliffs were charged

Fire Sirens Save Croydon Boy's Life

A six-year-old Croydon boy, rescued yesterday afternoon from a five-foot window well, owed his life to the whirling sounds of a fire whistle.

Peter Eible, Lower Washington St., was discovered in the deep well by John Diederich, 67,

of Pittsburgh, visiting his daughter and son-in-law, Rev. and Mrs. R. D. Sandmann.

Mr. Diederich said he heard the sound of the fire whistle about 3:15 yesterday afternoon and went from the home of Rev. Sandmann to investigate.

He watched the engines and then started to walk back to the home. He was attracted to a window of the St. Luke's Lutheran Church, State Road and Excelsior Ave. by what was described as a "whimpering sound."

At the window of the church, which is on street level, he located the sound.

Little Peter was in the well, bleeding from the arm, and standing about a foot short of the top of the well.

Mr. Diederich called Bristol (Continued on Page 3, Col. 8)

Council Lauds Calm Levittowner Stand

Rev. William Warren, Chairman of the Human Relations Council of Bucks County, issued the following statement this morning in consultation with the Executive Committee following last night's community demonstration in Dogwood Hollow, Levittown.

"We of the Human Relations Council wish to congratulate the great majority of residents of Levittown on their calm and understanding attitude toward the

decision of Mr. and Mrs. William Myers to bring their three children to Levittown to establish a new home.

"Like most of the rest of Levittown, the Human Relations Council knew nothing about the Myers family prior to the report in yesterday's Courier-Times; but we expect they are average, middle class citizens like the rest of us and they have the same dreams for a better life and a

(Continued on Page 3, Col. 1)

Health Heads Briefed On Flu Epidemic

WASHINGTON (UP)—Public Health Service officials briefed leaders of 13 major health organizations today on the prospects of a nationwide epidemic of Asiatic flu this fall or winter.

Surgeon General Leroy E. Burney presided at the closed-door conference at Public Health Service headquarters here. He opened the meeting with an up-to-date review of the slow but steady spread of the new flu virus in this country in the past few weeks.

Burney called the meeting to map broad strategy for coping with the national epidemic which he considers increasingly probable.

Representatives of the American Medical Association presented to the conferees the association's emergency plans for mobilizing medical manpower if and when the epidemic strikes.

Burney said he also planned to discuss with the medical leaders "how they may assist this fall in the effort to get as many Americans vaccinated with the new Asian strain vaccine as the supply will permit."

Although supplies of the new vaccine will be too small to reach any sizeable proportion of the population before late fall, U. S. Public Health Service officials do not now foresee any panicky scramble.

Rather they appear more concerned about public apathy and are planning an all-out educational campaign to urge everyone to get shots as soon as the vaccine is available.

FBI Nabs Fairless Man In Los Angeles

A Fairless Hills man was arrested by the FBI in Los Angeles yesterday and faces a 1955 Bensalem Township burglary charge and an \$8,000 embezzlement charge.

Carl Hennrich, special agent in charge of the Philadelphia office of the FBI, announced that George W. Thompson Jr., of 802 Auburn Road, was being held in California in default of \$5,000 bail. The FBI said Thompson was arrested on a warrant issued in June of last year and charged with unlawful flight to avoid prosecution as well as the burglary charge.

Thompson allegedly burglarized the Thompson Gulf Station on Bristol Pike and Gravel Pike in Bensalem Township, Dec. 1955.

Held On Two Counts

As a result of investigation by Police Chief William Riempp, Bensalem Township, Thompson was arrested on a warrant involving two counts.

The first count stemmed from a \$73.75 burglary charge, and the second count involved the embezzlement, larceny and fraudulent conversion amounting to \$8,000.

Thompson will have a hearing next Tuesday in Los Angeles and if he waives extradition will be turned over to Bucks County Authorities, the FBI said.

40-Foot Newportville Road Proposal Rejected By State

Seeing Levittown

By LEE GARB

Technical Dept: (For those who have asked . . .) The Mrko comet can be located at 9 p.m., at 157.5 north-northwest degrees azimuth, and the altitude is approximately 20 degrees (about a quarter of the way up from the horizon to the zenith.) Okay? Better get going . . . it's fading fast!

And before you call to say that 157.5 is not north-northwest, remember that the astronomical compass places due south at zero.

July was a big month for the

Levittown Library . . . out of the total 5,000 books on the shelves, 3700 were circulated during the month . . . close to 75 per cent.

Shirley Ayres, our Levittown Scottish dancer, has done it again! A week ago Saturday, while on vacation, Shirley and her husband stopped off in Pittsburgh during the "Games" being held by the Order of Scottish Clans of West Pennsylvania and Shirley brought home the William B. Mansfield Memorial Award Trophy.

Council Lauds Calm Levittowner Stand

(Continued From Page One)
finer future for their children that the rest of us cherish.

Three Ideas

"We are aware there is some concern about what the presence of the Myers family will mean to the future of Levittown and on this the Human Relations Council would like to say three things that may be helpful in maintaining our community standards and ideals:

"1. It is extremely unlikely that Negroes will ever move into Levittown in large numbers. Studies made by the Human Relations Council show that in the ten years that Levittown, Long Island, has been in existence only 14 Negro families have moved there and the first of these entered the community at least eight years ago. Our findings have been confirmed by the National Council Against Discrimination in Housing and the American Friends Service Committee. It is both illogical and unsound to believe that neighborhoods in Levittown will change in the same manner that they have in parts of Philadelphia.

"2. The facts are that real estate values do not go down when Negro families move into a previously restricted neighborhood. Some, we suspect, will be skeptical about this; but many scientific studies have proven that this is so. To illustrate:

"A. Mr. Luigi M. Laurenti, economist of the University of California published a study in the Appraisal Journal of July 1952 which showed that market prices in comparable all-white and mixed areas of San Francisco in 1950 - 52 were on the average the same or higher than prices for similar houses in all white areas. This was true whether the sales in the mixed areas were to white or non-white.

"B. In an article published by U.S. News and World Report for October 23, 1953, Charles Abrams, chairman of the New York State Commission Against Discrimination, points out that in a section of Queens in New York, a housing project was built several years ago and opened to all races and creeds. The project itself created no disturbance in nearby neighborhoods and, indeed, "the land around the project has more than tripled in value." He adds that mortgage lenders in the New York area are coming to regard non-discriminatory developments as sound financial investments.

"Other such studies are available from the Human Relations Council office.

3. A few short years ago, when Levittown was first being built, the eyes of many nations were on "the fastest and largest mass produced 'planned' community in the world." America has been showing the rest of mankind what an ideal community is like in a democracy. It dare not fail now in that task and we dare not fail our country in helping her achieve that ideal. The stakes are too high as hundreds of millions of the uncommitted peoples of the world debate whether America is living up to her professions of fair play, equality and brotherhood.

Extends Faith

The Human Relations Council extends its faith in the common sense reasonable behaviour and human decency of Levittowners and in the future of Levittown."

Kent R. Larrabee, publicity chairman of the Human Relations Council, explained Rev. William Warren was reached early this morning at Newfoundland, Canada, for his approval of the above statement, which was worked out last night by the executive committee. Rev. Warren, rector of

the Morrisville Episcopal Church, is the appointed representative of the Council from the Lower Bucks County Council of Churches.

Other community-wide agencies which appoint representatives to the Human Relations Council with their appointees are: The AFL-CIO Union Council, James Gallagher, of Levittown; the YWCA, Miss Angeline Derry of Langhorne; The American Friends Service Committee, Stewart Wallace of Trevoise; the NAACP, Rev. L. S. McNeil, of Langhorne, and the William Penn Center, Allan Woolston of Levittown. Other members of the board of directors are: Dr. Morton Botel of Levittown, George G. Gray of Langhorne, Mrs. G. Ewart McGruder of Bristol; the Rev. Robert Thomson of Levittown; Mr. Harrison Fisher of Bristol; and Rabbi William Fierwerker of Levittown.

The Human Relations Council was organized in 1952 to "foster understanding among all groups and to build a truly democratic community where each human being shall share in its responsibilities and benefits regardless of race, religion and nationality." Its office is at William Penn Center, Fallsington.

Births LOWER BUCKS HOSPITAL

Rackets

(Continued From Page One)

locals" in the Teamsters Union in November, 1953. The committee claims these locals were set up by Teamster Vice President James R. Hoffa and staffed with Dio's henchmen to swing an election and give Hoffa control of all Teamsters in New York.

Corallo's name has cropped several times in earlier hearings. Committee Chairman John L. McClellan (D-Ark.) described him as a narcotics racket figure. He said dues from exploited union members provided an income for "the mob" that worked for Dio and Corallo.

While Dio was invoking the Fifth Amendment about 140 times last week, the committee played a tape-recorded wiretap of an alleged conversation between him and Corallo, described as vice president of a Teamster local. The tape depicted Corallo as giving Dio orders and discussing top-level teamster politics.

Second Front Page

Parties In The Air

Airborne partying featuring a disrobing lady and a kiss for the wrong wife have led to new demands for a ban on tipping aboard airliners. The two

stewardesses above testified before the Senate commerce subcommittee on passengers drinking aboard airliners, and urged the ban be put in force.

New Comet Puts On Bright Show

The brilliant new Mrkos Comet put on a short but bright show last night for about 10 minutes before low-lying clouds hid its rapid drop toward the horizon in a short period just after dusk.

The best viewing was through binoculars, according to Dr. I. M. Levitt of the Fels Planetarium of the Franklin Institute, although the ten-inch Zeiss refractor telescope from the observatory rooftop at 8:55 p.m.

Mrkos has a tail about six times the diameter of the moon in length, and is of two or three degrees magnitude brightness, said Dr. Levitt.

The planetarium's telescopes will be open to visitors tonight after the regular planetarium show, and the comet is expected to be visible, weather permitting, from shortly before 9 to shortly after 10 p.m., in the west-northwest sector of the sky, 20 degrees above the horizon and directly below the pointers of the Big Dipper.

Squad Will Solicit Greenbrook, Kenwood

The Levittown Emergency Squad will solicit the Greenbrook and Kenwood sections tonight in its door-to-door campaign for funds.

Residents were reminded today by Alfred Volpe, president, that an average of \$3 per house will keep the squad "in business" for the coming year.

Library Board Will Meet In Twp. Building

Tonight's meeting of the Bristol Township Library Board will be held in the Township Municipal Building where it was originally scheduled.

Plans to hold the meeting in Delhaas High School Library were abandoned at the last minute when Eugene Kehoe, president of the township commissioners, found the law required the library board to meet at least once a month in the municipal building.

The meeting will be held 8 p.m. in the meeting room of the township supervisors.

Elderly Man Dies \$100,000 Blaze Hits Asbury Park Hotel

ASBURY PARK, N. J. (UP) — An elderly man died today in a \$100,000 general alarm fire that gutted a 42-room hotel a block from the boardwalk in this resort city. Six other hotel guests were slightly injured.

Fire officials were still probing ruins of the Fairfax Hotel hours later on the chance there might be additional bodies beneath the debris.

But hotel owner Abraham Wolf, 67, said he had accounted for all his guests. The victim was identified as John Oelkers, about 60, a permanent hotel resident who liked to identify himself as "John Steinbach, 45," Wolf said.

The early morning fire, which started in a horsehair lobby sofa and spread to a partition, drove 50 guests in nightclothes to the street. Some 100 firemen from here and four surrounding communities fought the blaze for three hours before controlling it at 7 a.m.

Police, firemen and a hotel guest participated in dramatic rescues as flames whipped through the hotel, two stories beneath it and damaged an adjoining hotel. Asbury Park police led about 15 guests to safety down one fire

ladder after an original ladder proved defective. Ocean Township Patrolman Roger Mc Keon rescued an unidentified 60-year-old man trapped on the hotel roof.

Warmer Weather Due For Weekend

A high pressure area moving in from the Jersey coast should bring a quick end to the "autumn" temperatures in the next few days.

Overnight lows of 55 and 62 have been recorded here for the last two nights but the U.S. Weather Bureau at Trenton looks forward to warm weather again by the weekend.

The mercury should work its way up into the low 80's this afternoon, drop to the 60's again tonight but climb to at least 85 by tomorrow afternoon.

The high pressure area and increasing southerly winds may put things back to near normal, for August, by the weekend.

There is a slight chance of scattered thundershowers tomorrow but little hope that drought-ending rains are on the way.

Whimsical 'On The Town' Debuts At Music Circus

By JOAN NEVINS RINEHART
Society Editor

A two act chuckler starring two times Olympic Skating champion Dick Button made his debut last night at Sinjin Terrell's Lambertville, N.J. Music Circus.

"On The Town," a whimsical stage production, has rapid fire jokes, a record number of scene changes and cast of thespians who romp about the stage and aisles of the tent while performing their antics.

Slow Start

The show got off to a slow start but perked up in the fourth scene. Bobo Lewis as distaff taxi cab driver "Hildy," fires machine-gun type funny lines with a Martha Raye style of mannerisms. Star of the Off-Broadway revue "Kaleidoscope" this zany comic prompts king size belly laughs from the audience.

Skating champion Dick Button, a Broadway and television performer, treats the audience to some spectacular twirls and swirls on the ice.

He takes the part of Gabey, a

starry eyed sailor with a 24 hour pass in New York City who sets his sites on Ivy Smith, played by Ellie Sommers.

"On The Town" is the story of three bell-bottomed sailors and their gals.

The plot is weak. The jokes are funny and frequent and the action moves at a fast pace. Scenery changes caused some snags in the opening night production but should smooth out.

Also Featured

Others featured in the show are Connie Sawyer as Claire; Dorothy Greener as Lucy; Kathryn Meisle as Madame Dilly; Alex Alexander as Pitkin; Don Crichton as Chip and Jerry Jarrett as Ozzie.

Veteran director Ezra Stone staged the show with Donald Pippin as musical director. David Reppa directs the decorography. The show will run through August 25.

SUMMING UP: This one is good for laughs . . . king size belly laughs. Dick Buttons gives the audience something extra special in his ice swirls.

Widening Job To 24-Foot Set To Start

The state highway department yesterday rejected a suggestion to widen Newportville Road, between Emilie and Fallsington, to 40 feet. Current plans call for reconstruction and widening of the road to 24 feet.

This work should start in about three weeks, according to S. Curtis Weikert, acting district engineer.

Gravel Lanes

At a meeting yesterday in the district office, Ardmore, Weikert said plans cannot be changed. He explained that in addition to the 24-foot width an eight foot gravel lane will be constructed on both sides of the road.

James Darrah of the William Spencer Erwin engineering firm, and Milton Berkes, Falls Township supervisor, had requested that the two gravel lanes also be paved. The Erwin firm is engineer for Bristol Township.

Weikert did promise to "consider" another suggestion by Berkes that a 300' section of drainage pipe be installed in Vermilion Hills and a ditch be covered.

Truck Wheel Runs Wild,

A Gettysburg, Pa. truck driver roared east on Route 1 yesterday in a vain attempt to catch a careening wheel which broke loose from his tractor-trailer.

He lost the mad chase as the wheel bounced into a parked car, crashed into a fruit stand and injured two persons.

Sgt. John Rendeiro and Sgt. Gilbert Custer and Officer Gino Mattozzi, who investigated, gave this account of the incident.

Preston Clouse, driving east towards Trenton on Route 1, heard a crack on his truck. Suddenly he noticed a wheel zooming past him.

He realized the wheel had come from his truck and speeded up in an attempt to head off the heavy wheel before it crashed.

Hits Parked Car

The wheel picked up speed going down hill and rolled to a parked car on Route 1 near Olds Boulevard.

It bounced off the parked car, cracked into the fruit stand belonging to Richard Waddy Jr., 30 Gedney Road, Trenton, and slipped against Waddy's father, Richard Sr. and his son, Richard C., five.

The father and the young boy were treated for bruises and released after treatment from Mercer Hospital, Trenton.

The truck received no damage other than the loss of the front wheel with the parked car being damaged in the right side and rear.

Police had no estimate of the damage to the fruit stand.

It was estimated the wheel travelled about 50 yards before it came to rest. The truck was able to come to a normal stop on the remaining wheels.

Lower Bucks Rocked Again By Blast

Lower Bucks County was rocked once again by blasts of jet planes crashing through the sound barrier. Twin blasts were heard and felt over a wide area about 3:30 p.m. yesterday.

Numerous residents report seeing two to four vapor trails from jet planes high in the air the same time they heard the blasts.

Registrars Sit In Lower Bucks

The Bucks County Traveling Registrars will sit at the following places to enroll new voters:

TODAY

Lower Southampton Township, Feasterville Fire House. New Britain Township, home of John R. Deitcher, Jr. Line Lexington.

Nockamixon Township, elementary school at Revere.

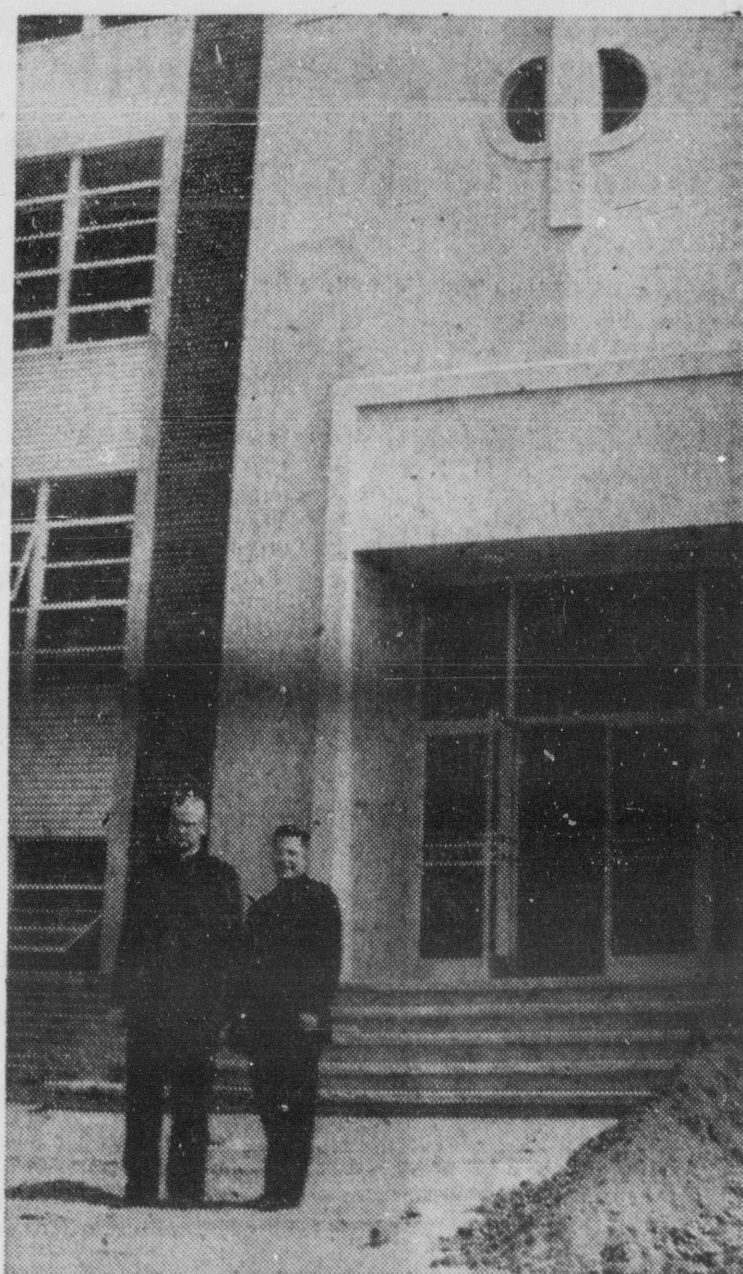

TOMORROW

Lower Makefield Township, township building, Edgewood Road.

FRIDAY

Langhorne Fire House. Perkasee Fire House. The Registrars will sit at each place between the hours of 2 p.m. and 9 p.m.

New High School

Father Regis Stafford, (right) principal of the new Bishop Egan Parochial High School confers with Father Anselm Stork at the entrance of the building. (Courier-Times Photo).

New Catholic High School Will Open

Catholic students in the area who will attend the new Bishop Egan High School on Levittown Parkway, have been notified by letter that the school will be open for the fall term, although no specific date has been announced.

The school building, which is the only one having four stories in Levittown, contains facilities for 1800 pupils and will open with an expected enrollment of 600 at the ninth and tenth grade level.

32 Classrooms

It houses 32 classrooms, five science and special purpose laboratories, a cafeteria, an auditorium - gymnasium and office space.

The faculty, headed by the Rev. Regis Stafford, is comprised of seven Franciscan Fathers, eight Sisters of three Religious Communities and one layman. The Communities of Sisters represented on the initial faculty are Sister Servants of the Immaculate Heart of Mary, Congregation of the Religious Sisters of Mercy and the Order of Holy Trinity.

The athletic activities will be under the direction of a lay member with three years experience in an area prep school.

5 Arrested

(Continued From Page One)

Green Lane, early last evening. The neighborhood had been astir all day from the time the Negro family moved in the previous night.

Fifteen Bristol Township police officers were at the scene. About 11 p.m., township police chief John R. Stewart called county Sheriff C. Leroy Murray. Sheriff Murray alerted State Police at the Fairless Hills barracks.

He then hurried to the scene with two deputies and took charge. He reported that between the time he was summoned and his arrival some of the crowd had thrown rocks through the front picture window of the Myers house. JP Tritschler said it is the first time in 29 years that he can remember a sheriff being called in to restore order.

There was no one in the house at the time. Myers, his wife Daisy, and their three children, William, III, 4, Stephen, 3, and Linda, one month, had left about 8:30 last night before the crowd became too large.

At 12:30 p.m. today the family had not returned.

Bristol Township police broke up a noisy crowd of about 25 women and children in front of the home of Mr. and Mrs. William Myers, Jr., about 11 a.m. today.

Every 45 minutes or so a patrol car is patrolling the area, keeping traffic moving. A resident of the street said, "traffic is moving fast and heavy through here. Not many cars stop but this is the heaviest traffic we've had here since the section opened."

Mr. Myers is a graduate of York, Pa. High School and Hampton Institute in Virginia. He taught refrigeration unit installation and repair at Hampton after graduating from the school. He is a World War II veteran with service in Europe. His wife holds a degree in education.

The family moved from 5717 Mitchell Road in Bloomsdale Gardens, Bristol Township.

Mr. Myers is employed by C.V. Hill, Trenton, in its refrigeration laboratory.

Spokesman for the Levitt firm today said that the sale of the home was a "private transaction" and had no connection with Levitt and Sons, Inc.

Borough Democrats Announce Activities

Morrisville Democrats are picking up steam in pre-campaign activity with a meeting tomorrow, the announcement of an appointment of a new committeeman and an outing in September.

Charles Inverso, 203 Anderson Ave., is the new Democratic committeeman for Morrisville's fourth ward.

Moves From Ward

He replaces John Zack who has moved from the ward. The committeewoman in the ward is Mrs. Marie Chapman, 37 West Philadelphia Ave.

Bucks County Democratic chairman James C. Bowen of Sellersville made the selection on the recommendation of Morrisville chairman Francis A. Troilo. Troilo praised outgoing committeeman Zack as "a good

All Shook Up Again

Phillips Brothers Discover Another Rock 'n' Roll Star

By DOC QUIGG
United Press Staff Correspondent

NEW YORK (UP)—The brothers Phillips, two gems from way down yonder in Memphis, Tenn., who contributed Elvis Presley to world culture, are all shook up about a new boy in their pasture.

This is a blond, curly-haired, blue-eyed, 21-year-old rock 'n' roller from Faraday, La., who is going great guns with a two-month-old record named "Whole Lotta Shakin' Goin' On" and has another ready to bust out called "Great Balls of Fire."

His name is Jerry Lee Lewis. He plays the piano while he sings. He has sideburns but not as long as Presley's.

Does he shake like Elvis?

"Doesn't have to," says Jud Phillips. "When he feels like it, he just jumps up and kicks the piano stool across the stage and plays standing up. And his legs get real stiff. What's different about him is that he's got a beat, a rhythm, like you've never felt."

TV Future Seen

"And what's encouraging is that the same people who turned Presley down at the start, turned Lewis down. All of the same people who told us Elvis didn't have anything to do with Jerry Lee didn't have anything to do with him. Everybody will be as fabulous as Presley has been because Presley was standing on the right corner at the right time. But I think this kid will be a great TV artist."

Jud Phillips brought his boy into New York for his second national TV show in two weeks while brother Sam Phillips stayed home and tended store at the Sun Record Co., which has sold 400,000

Pilots Enlistment Upped To 5 Years

WASHINGTON (UP)—The Air Force says future pilots must sign up for a five-year hitch in the service instead of the current three years.

The Air Force noted that pilots signing up for the three-year period spent three-quarters of the time training to become "combat ready." It said two-thirds of the intensively-trained pilots leave the service at the end of their three-year hitch.

The five-year enlistment period will mean "economy and better retention" of pilots for the Air Force, it said.

The longer tour of duty also will apply to those in the early stages of training at the present time, as well as to students in the Air Force ROTC, aviation cadets and the Air Academy programs.

Those who decide not to take the five-year tour will be given non-flying duties for three years.

Scrap Metal Worker Burned to Death

PHILADELPHIA (UP)—Sterling Brown, 35, was burned to death Tuesday when fire swept the control cockpit of a hydraulic press following an explosion.

Brown an employee of the S. D. Richman scrap metal firm, was trapped in a small cinder building by the blast, which apparently started from residue of oil in barrels. He was adjusting the press machinery in a pit when the explosion occurred.

Morrisville Boy Bit On Lip By Dog

A Morrisville boy was treated at Mercer Hospital, Trenton, yesterday after being bit on the lip by a dog.

Michael Kane, 13, 82 Central Ave. was bit when he attempted to pet a dog belonging to John Rupperecht, 313 Moreau St., Morrisville.

Officer Joseph DiGiorgio investigated the case.

Mosquito Unit Is Spraying Boro Spots

Morrisville residents bothered by the bugs are in for relief. Members of the Bucks County Mosquito Control Commission are in the borough this week spraying spots likely to be breeding places.

Borough secretary Bob Steward said members of the commission are spraying all areas in the borough suspected of harboring the pesky mosquitos.

Mr. Steward said persons who have breeding places which have not been sprayed may contact the borough secretary's office or appeal directly to the commission for help.

The borough contributes \$300 a year to the upkeep of the commission and the taxpayers have the right to use the service, the secretary said.

The commission will make periodic tests to determine the effects of the spraying operations.

Area Rainbow Girls To Attend Assembly

Morrisville will be well represented at the 15th Pennsylvania Grand Assembly, Order of the Rainbow for Girls, when it convenes Aug. 15-18 at Pennsylvania State University, University Park.

Miss Nancy Buchanan, Grand Worthy Advisor, will preside at the assembly.

Girls from Morrisville assembly 107 include Miss Lois Robinson, worthy advisor, and members Judy Clark, Lorraine Bachmann, Lois Raebberg, Carol Soles, Barbara Tackett, P.W.A., and Dottie Rathmell, Carol Perkins, Carol Wild, and Deanne Mogle and Nancy Young. Mrs. Martha Tackett, P.M.A. will substitute for the mother advisor. Mrs. Marion Bachmann.

The formal opening of the assembly is listed for tomorrow night with election of officers scheduled Friday.

All members of the Order of the Eastern Star have been invited to attend this Grand Assembly.

MISS NANCY BUCHANAN

Polish Army, Militia End Greatest Strike

LODZ, Poland (UP)—Poland's greatest strike since the Poznan rebellion ended today with government seizure of a strike-bound streetcar depot and a promise to investigate transport workers demands for a living wage.

Buses and streetcars were running for the first time in two days but with "workers militia" guarding the drivers.

Polish army troops and militia occupied the suburban Dombrowski Depot between 8 and 9 a.m. today and evicted the sit down strikers there.

Shasta Firing Delayed 16th Time

LAS VEGAS, Nev. (UP)—Unfavorable winds again today forced the Atomic Energy Commission to call another 24-hour delay in the firing of its Shasta nuclear device.

It marked a record number of 16 times that the test has been postponed. Scientists rescheduled the shot to be fired from a 500-foot tower for 5 a.m. p.d. Thursday.

Yardley to Advertise For Painting Bids

The Yardley Borough Council will advertise shortly for bids for painting the borough hall.

Bids were advertised previously for the job but none were accepted by council.

The new bids will be opened at the Sept. meeting.

Lower Makefield Waits State Approval On School

The Lower Makefield School Board is awaiting final official approval from Harrisburg for its projected new elementary school.

Plans for the new school, to be located at Quarry and Creamery Roads, are being completed by the Trenton firm of Hankin, Stull and Backes.

Target Date

James Fitzcharles, secretary of the school board, said construction on the school is expected shortly after approval with late 1958 or early 1959 as target date for the completion.

At this week's meeting the board approved contracts for extending a new heating and ventilating system into the Makefield School, Makefield Road.

A new material also was purchased which will be used to coat the ceiling of the school for the purpose of better acoustics in the building.

Akron, Here We Come!

Jerry Fowler, Lower Bucks County's first Soap Box Derby champion, is on his way to Akron, Ohio, to compete in Sunday's All-American finals. The 11-year-old Lower Makefield youngster is shown here with his parents, Mr.

and Mrs. John F. Fowler, as the family departed for Akron this morning. Jerry will represent the Courier-Times in the national championship. (Courier-Times Photo).

School Board Post Filled In Yardley

Wallace Edington has been appointed to fill the vacancy on the Yardley School Board.

Raymond Weise, president of the school board, announced that Mr. Edington will succeed Clayton Mills, who resigned after moving from the borough.

Sales Manager

The new school board member has lived in Yardley two years and is employed as a sales manager for General Electric in Trenton.

Mr. Edington is married and lives with his wife, Irene, and their two children, James, 15, and Joan, 12, at 23 Lookover Lane, He is 41.

The appointment is effective immediately.

At this week's meeting of the board the paving of 4800 square feet of the playground area at the Yardley Elementary School was approved.

The contract for the work, slightly over \$800, was awarded to Joseph Johnson of Yardley, low bidder.

Two Injured In Collision

Two persons were injured yesterday when two cars collided in Bristol Borough, setting off a chain of events. The impact of the crash threw one of the cars into a parked car, then bounced directly into a tree.

Injured were Francis O'Boyle, 4, cut eye and bruises, and Valerie O'Boyle, 7, cut nose and possible fractures. Both live at 82 North Radcliffe St., Bristol, and were passengers in a car driven by Mrs. Francis W. O'Boyle.

Police said the accident occurred about 8:40 p.m. last night at Farragut Ave. and Hayes St. when the O'Boyle car collided with a car driven by Esther Dilado, 27, 1800 Wilson Ave., Bristol.

The impact of the crash, police said, drove the Dilado car into a parked car owned by Josephine Ventriglia, 347 Penn St. The Dilado car spun off the parked car and bounced into a tree, police said.

Patrolmen William Bolton and Earl Trimble said the O'Boyle car's front end was "completely damaged," the Dilado car's right front end was "damaged," and the rear of the Ventriglia car was "damaged." Monetary damage was not immediately estimated. No charges were filed against the drivers.

Minor Accident Reported In Borough

A minor accident with no injuries was reported in Morrisville this week.

Steven Lanczak, 122 Althea Ave., Morrisville, collided with the parked car of Michael Zwatsky, 412 Barclay Ave., Morrisville.

Officer Frank Picciotti investigated the accident.

Area Youth To Take Part In 4-H Ceremony

Warren Buckman, of Newtown will be among 4-H Club members taking leading roles in the candlelight ceremonies tonight closing the 33rd annual 4-H Club week at University Park.

More than 1,200 delegates are attending the 4-H assembly on the Pennsylvania State University campus.

Morrisville Gives OK On Apartment

With the only dissenting vote from Councilman Neal Nolan, Morrisville Borough Council last night approved an ordinance allowing construction of a \$2,000,000 apartment building.

The next step before construction will be a public hearing on the zoning ordinance. This will be August 27 at Borough Hall.

Missing Boy Clues Sought

BRAZIL, Ind. (UP)—An appeal for more help was issued today in the fruitless search for a 7-year-old boy who disappeared without a trace.

The inch-by-inch, door-by-door hunt by 75 to 100 volunteers and National Guardsmen through the south and north side of this town of 12,000 yesterday failed to turn up a single clue as to the whereabouts of Billy Earl Martin. Police fear he has been either murdered or kidnapped.

Billy was last seen by his mother Saturday about noon and four hours later by a guitar-strumming wanderer who lodged at Billy's home.

The lodger, Henry Allen Higgins, 53, and Billy's maiden aunt, Elizabeth Martin, 41, have been the objects of police investigation following the results of lie detector tests they took. Police Chief Joseph Russell said the lie tests indicated the two knew something of the lad's disappearance.

Fall Target

Trenton builder Louis Cahen is hopeful of building the structure on Crown St. and Trenton Ave. and starting construction sometime this fall.

The 14-story structure will include air conditioning, off-street parking, and all modern appliances.

Mr. Cahen said rental in the building will be about \$50 a room per month.

Borough Secretary Bob Steward said the zoning ordinance approval was necessary because of height restrictions in the present zoning code which forbids such a building.

Mr. Steward said the ordinance must receive final acceptance at two more readings following the public hearing before being written into law.

Council also voted to open Washington St. as soon as the construction project on Prospect and Palmer Sts. is completed.

Mr. Steward said Prospect and Palmer Sts. are being cut through and will be completed in about three weeks.

Following the completion of those streets, the long controversial Washington St. project will be started.

Hillside Ave.

In other action, council approved the ordinance for bringing Hillside Ave. to the grade of the rest of the borough streets.

A curb and gutter will be built on Hillside Ave. conforming to standard grade of borough streets.

Grandview Will Open On Schedule

The Grandview Elementary School in Morrisville will open on schedule.

That was the word today of Manoh Relter, Morrisville superintendent of schools.

Morrisville's newest elementary school on Grandview Ave. will be complete in time for the fall opening as originally scheduled despite a two week work stoppage.

Mr. Relter said construction on the school, which was delayed because of the cement shortage, was resumed recently.

The new school will handle approximately 200 students with exact figures not available until registration is completed next month.

It includes 20 rooms and is located in the Highland Park section of the borough.

The new elementary school is being built adjacent to the site proposed for the new Morrisville Junior-Senior High School.

Mr. Relter said a new teacher will also be added to the school system before school opens in the fall.

Channel Fund Is Approved

A \$9,000,000 appropriation to finance Delaware River dredging was approved by Congress today. The appropriation is for work during the 1958 fiscal year.

The bill was sent to President Eisenhower for his signature, and it includes \$500,000 for a survey of the river and its development possibilities.

The appropriation bill was drawn in a Senate-House conference. The Senate earlier approved \$11,000,000 for the river, \$2,000,000 more than the House.

Congressmen from the Delaware Valley area sought a channel appropriation of \$16,500,000 for the current fiscal year. Congress slashed the request, but went along with a 40-foot channel for the Delaware.

The appropriation is part of an \$858,000,000 public works bill.

Police to Fingerprint Test Stolen Car

CAMDEN, N. J. (UP)—Police were to run fingerprint tests today on a recovered stolen car rifled of \$6500 in cash and \$1,000 in checks.

The car was stolen a week ago when it was parked in Philadelphia by a driver for the Union Vending Machine Co., Philadelphia, owners of the auto.

Police found the car parked on a street here.
